IT IS TIME TO TAKE ACTION

"Like music and art, love of nature is the common language that transcends all the boundaries."

This slogan is the starting point of our project "All Equal All Different All Europeans Taking Eco Friendly Actions" Because there is an urgent need to stop climate change and environmental pollution across the World and in Turkey and in our region Konya, Seydişehir.

"ECO FRIENDLY ACTIONS PROJECT QUESTIONNAIRE"

We made a questionnaire with our 8-A, 7-B, 7-A, 6-A classes at the beginning of the project. We asked the questions:

"what can we do for an eco friendly environment?"

"what should we do to protect nature?"

"what can we do to save energy and water at school, at home?"
